

CERTIFICATE - FORENSICS

This certificate is to further develop the skills of students who are seeking careers in a criminal justice profession particularly in the areas of crime scene processing, becoming a member of a Crime Scene Unit (CSU), or in crime analysis.

Credits from this undergraduate certificate can be applied to a B.S. Criminal Justice degree at Husson University, enhance a degree in another discipline, or augment prior learning to provide for a change in career.

Programmatic Outcomes:

Students will demonstrate the ability to think deliberately and analyze complex data for the benefit of the criminal Justice system.

Students will connect and contrast diverse information and evidence while learning to professionally articulate solutions associated with solving crimes.
